

## **Update from North Warren's Superintendent**

Thank you so much for a great start to the school year! It is wonderful to have students and staff in the building. Students have been enjoying our lovely fall weather and have been seen utilizing many of our outdoor spaces during the past couple of weeks.

Over the past week, I have had numerous conversations and meetings with our local DOH. We have learned a lot about how the Department of Health for our county will deal with a COVID positive case and contact tracing. I am working closely with the Warren County Department of Health and I have direct access to them 24/7.

Since schools in NYS have now opened, the guidelines for the continued daily operation of the district continue to be reviewed, modified and updated. The local Department of Health will work closely with me to decide on the correct course of action should we have a positive case in our building.

**Please note we do not have a positive case in our district at this time.**

Please make sure that all of your numbers for my robocalls are up to date, so that in the event we need to reach families in a timely manner we can reach each of you.

Thank you for all your support of the district and stay well!

Michele French
