

## **Elementary Principal's Message**

Welcome to North Warren Elementary School! We are proud of our dedicated, experienced staff and outstanding students. It is with great pride and excitement that I write this message as an introduction to you as the newly appointed Elementary Principal Pre K-6 of North Warren Central School. I have been dedicated to the field of education for the past 16 years with 14 years of teaching experience at the elementary level and 2 years experience at the administrative level working on curriculum and instruction. As I begin my 17th year I look forward to bringing my skills as an educational leader to North Warren.

I invite you to become an active participant in our school community by joining our PTO, or attending and supporting school events. I believe that all of us- the school and the community- must work together in an extended family environment to insure success for all our students. Research clearly supports that when parents/guardians participate and are involved in their child's education, there is a greater likelihood of academic success for the child.

I truly believe that communication is the key to a successful educational experience. Together, we will continue to improve the quality of our school community and provide the best for our students. Education is a partnership between the school, students, parents/guardians, and community. All children are more successful when we work as a team to achieve educational goals.

Please feel free to make an appointment, call or email me to discuss any concerns, suggestions, or ideas to help make this the best year yet!
