

Dear Parents and Guardians,

Before you know it the school buses will be rolling and we will be back to school. We are all excited about getting started for the 2016-2017 school year! The staff has been preparing the building for the arrival of the students.

We are looking forward to a year of partnership with you and the community to ensure that our 7-12 students can reach their highest potential. We need to work together to make a difference in your child's life. This year we will continue to push our students to take more responsibility in their academic and social endeavors. We will combine the academic with many extra-curricular clubs, activities, performing arts programs, and athletics to give our students a well-rounded education.

We look forward to a new and positive school year together. We would like to extend a 2016-2017 school year invitation to attend school activities and events whenever possible. Your active participation in all aspects of the daily routines of the school supports your child's success. Communication is the key for a successful relationship between the school and parents. We encourage you to feel free to contact us with any questions or concerns you may have.

North Warren is a great place for you children to learn and grow. We are looking forward to an awesome school year as we work in unison to make our school a great place to learn, work and grow!

Looking forward to the first day back!

Ms. Andrew

7-12 Principal
